GREATER NEW ORLEANS

There's just "that little something extra" about everything you experience in the Crescent City region. What we call "lagniappe" in Louisiana. You'll notice it in everything from the food to the architecture. Take Mardi Gras World for example, where you can get up close and personal with the grandiose floats that roll down the streets during carnival season. Take a haunted history tour and hear about the eerie accounts of the area's past. If that's not the type of thrill you seek, try a gospel brunch or join the procession of a second line and boogie in the streets.

6/17/16 review from YELP
"Out of all the ghost tours New Orleans offers, this is by far the best. The staff are very attentive to their audiences needs, making sure they feel completely safe yet immersed in the culture of the French Quarter. As a native New Englander, I have high standards for ghost tours, and our tour guide was top notch. She knew how to make our tour into a memorable performance! My family and I left genuinely spooked, which is difficult to do. French Quarter Phantoms is a royal feast for anyone who has a taste for the darker side of history."
